

OMNIUM REFERRAL PARTNERSHIP

Introduce a business.
We look after them.
You share the reward.

Know a company paying too much for energy, or wrestling with compliance? An introduction to Omnium puts them in genuinely safe hands, and earns you a share of the revenue we generate.

YOUR REWARD, UP TO

25%

of the revenue we generate from every business you introduce, agreed with you in writing before we begin.

Most of our new business comes through people who trust us to look after the companies they send our way. That is the whole model. When you introduce a business, we protect your relationship with them, and we reward you properly for the connection.

INTRODUCE WITH CONFIDENCE

Your reputation is safe with us

When you recommend someone, your name is on it. Introducers keep coming back because we make them look good.

A Certified B Corp

Scoring 98.9, legally accountable for how we balance client outcomes with profit.

Shown on the rate

Our remuneration sits on the rate, line by line, so your contact always sees what they pay.

Advice, not a pitch

If switching won't help, we say so. No call centre, no pressure, no hidden agenda.

WHAT YOUR CONTACT GETS

A service worth putting your name to

- ✓ **A genuine review, not a sales call.** We look at what a business actually uses and pays, and tell them plainly where the opportunity is, or that there isn't one.
- ✓ **Procurement across every utility.** Electricity, gas, water and waste, tendered properly, with our remuneration shown openly rather than buried in the rate.
- ✓ **Savings beyond the rate.** Capacity charges, energy waste, power factor and network costs, the savings a price comparison alone never finds.
- ✓ **Compliance handled, not just flagged.** ESOS, SECR, MEES and carbon reporting, explained in plain English and managed on their behalf.

A TYPICAL BROKER

- Commission buried in the unit rate the client never sees
- Earns on the switch, then moves on
- A middleman between client and supplier

OMNIUM

- ✓ Remuneration shown on the rate, line by line
- ✓ Stays on: manages the contract, checks the bills, finds more
- ✓ An adviser genuinely on the client's side

THREE SIMPLE STEPS

How the reward works

You introduce a business, we do the work, and when it becomes a paying client you receive a share of the revenue we generate, up to 25%. Where you sit in that range reflects how warm and well-qualified the introduction is.

You introduce

Point us toward a business you think we can help, and make the connection.

We deliver

We review, advise, and if it is right for them, take the business on as a client, the way you would want them treated.

You earn

A short written agreement confirms your share, then you are paid on the revenue we generate.

Straight about the detail

The reward is a share of the revenue we actually generate from a business you introduce, up to 25%, confirmed in writing before we start. It is not a flat finder's fee, and not a fixed 25% for every introduction, the figure reflects the quality of the referral. There is no cost to you and no obligation on your contact. If we can't help them, we tell them, and you have still done them a good turn.

WHO TO THINK OF

You probably already know someone

If you deal with business owners, finance decision-makers or property and facilities people, you almost certainly know a company paying more than it needs to. We help best where energy is a real cost, though a good introduction in any sector is worth a conversation.

Hotels

Commercial multi-site

Multi-meter, high-load sites

Become a referral partner

A short, no-obligation conversation. We explain how it works, agree your share in writing, and look after anyone you send our way.

ONCE THEY'RE ON BOARD

How and when you're paid

Once a business you introduce is live, your share is paid on a clear monthly cycle. No chasing, no ambiguity, and you are only ever paid from money we have actually received from suppliers. Everything settles within the same month.

We statement

On the 15th we issue a statement of all monies received from suppliers that month for the businesses you've introduced.

You invoice

You raise your invoice against that statement for your agreed share, and send it back to us promptly.

We pay

We settle every invoice received on the 28th of the same month. Your share is in your account, that month.

You're only paid from money we've received

The statement is generated from monies actually received from suppliers, not estimated or accrued. This means we never pay ahead of being paid, which keeps the arrangement clean and sustainable for both sides, and every figure on your statement is real money in the door. It is the same transparency we give our clients: nothing assumed, everything evidenced.

AT A GLANCE

STATEMENT ISSUED	YOU INVOICE	PAYMENT MADE	PAID FROM
15th monthly	On receipt	28th, same month	Monies received

Your share percentage is set out in your referral agreement; this covers the payment mechanism only. To keep payments running smoothly, please invoice promptly once your statement arrives so it clears by the 28th.

Introduce. **We deliver.** You earn.

Send us a business you think we can help. We will treat them the way you would want to be treated, show our remuneration openly, and reward you with a share of the revenue we generate.
